

Clean Hands Save Lives

- Remove rings, bracelets, watches
- Wet hands under running water
- Pour about 5 mL of cleanser in hand
- Rub hands vigorously together for at least 15 seconds, covering all surfaces
- Scrub fingers, palms, backs of hands, wrists, forearms; clean under nails
- Rinse hands under running water
- Use paper towel to dry hands thoroughly
- Use the same paper towel to turn off faucets and open door, if necessary, then discard

**Betadine®
Surgical Scrub**
(povidone-iodine, 7.5%)

**Betasept®
Surgical Scrub**
(chlorhexidine gluconate 4%)

Wash Your Hands To kill germs that can cause infections

Betadine® products are for external use only. Do not use in the eyes or if you are allergic to povidone-iodine or any other ingredients in this preparation. Stop use and ask a doctor if irritation, sensitization, or allergic reaction occurs. When using this product, prolonged exposure to wet solution may cause irritation or, rarely, severe skin reactions. Keep out of reach of children.

Betasept® products are for external use only. Do not use if you are allergic to chlorhexidine gluconate or any other ingredient of these products. Betasept® should not come in contact with meninges, be used in the genital area, or as a preoperative skin preparation of the head or face. When using this product, keep out of eyes, ears, and mouth. Stop use and ask a doctor if irritation, sensitization, or allergic reaction occurs. Keep out of reach of children.

Please read full product labels before use.
